DETAILED ACTION

EXAMINER'S AMENDMENT

The following is an examiner's statement of reasons for allowance:

Claim 1 is allowable over the prior art of record because the teachings of the references taken as a whole do not show or render obvious the combination set forth including: (1) a cantilevered bracket extending perpendicularly from a central portion of the frame anchor and medially oriented in regard to the treadway for bearing the underside of the frame of the vehicle to be raised while the portion of the frame anchor extending thereabove is in physical contact with the peripheral side of the vehicle frame. (2) A substantially L-shaped frame anchor insert having a lower horizontal portion to reside within the transverse channel and an upper vertical portion extending above the treadway. (3) A frame anchor sleeve having a hollow interior conforming to the size and shape of the vertical portion to allow snug insertion therethrough.

Conclusion

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
